

# SEPTEMBER 11 – 14, 2017 CATALYSIS & NANOPARTICLES SUMMER SCHOOL KU Leuven, Belgium

## Poster Session Monday September 11 16:00 – 18:00

There are a variety of ways to pitch your research to an interested audience, other than an oral presentation or a classic A0-sized wall mounted poster.

The **Poster Session** at the Catalysis & Nanoparticles Summer School offers **three ways** to communicate your research. Please indicate which one you will use to reach out to your audience. (limited availability !)

- **12 table-top poster display boards** are provided by ECOTIPS, official media partner of the summer school.

This table-top poster board allows you to combine a variety of printed media sizes with your own laptop or samples displayed on your table.

Dimensions:

H = 90 cm

W (trifold) = 30cm + 60 cm + 30 cm

Table top = W 120cm x 80 cm

30 cm | 60 cm | 30cm

- **4 laptop stands** are available. This laptop stand allows you to pitch your research while displaying a slideshow on your own laptop.

- **4 wall mounted boards** are available if you prefer to bring your own A0-sized paper poster.

Please let us know **as soon as possible if you are going to present a poster: table-top/laptop/wall.**

Please send in your poster abstract as soon as possible. Abstract deadline: September 1, 2017.
